In his own right he was a murderer and a revolutionist, wanted by the police of two continents. So he assumed a dead man's name. But he didn't know about the dead man's past, of his wife and his children and his thefts. When he learned, he decided that being wanted for murder was not such a bad thing at that.

CANADIANS ELATED AT GREAT SUCCESS OF THE AMERICANS

BEHIND THE BRITISH LINES IN FRANCE, Sept. 13 (Correspondence of the Associated Press)—To an American reading the western front in these stirring times it is a surprise and a pleasure to note the interest and sympathy with which the more active portion of the American people is being drawn to every front.

The Canadian soldiers, too, have taken the attitude of "I told you so" when the official reports chronicled American successes. The Australians also give themselves up to their duty with the Americans, and take a personal pride in every deed which the Americans do, as if it were their own. The British and Canadian soldiers have had their share in the fighting, but the American methods of fighting have been a revelation to them.

UNION WAR FUND DRIVE TO START NOVEMBER 11

The latest decision from Washington combines all seven of the officially recognized war work societies in a united campaign for funds necessary to carry on their work for the coming year.

These recognized organizations are the Young Men's Christian Association, Young Women's Christian Association, War Camp Community Service, American Library Association, Knights of Columbus, Salvation Army and Jewish Welfare Board. The first four of these according to previous plans had been combined in a campaign to be launched in November, the last three in a campaign for January. Now, the single campaign will begin November 11, lasting one week and will call for \$75,000,000, to be apportioned as follows:

Y. M. C. A.	\$100,000,000
Y. W. C. A.	\$15,000,000
Catholic War Council	\$10,000,000
Knights of Columbus	\$10,000,000
Jewish Welfare Board	\$10,000,000
American Library Association	\$10,000,000
Salvation Army	\$10,000,000
Jewish Welfare Board	\$10,000,000

In announcing the plan, President Wilson declared that it was evident the services rendered by these agencies are essentially one and of a kind, and must be centered in the closest cooperation.

Though this plan presents some problems in the organization of campaign forces, it is realized by the leaders as a necessary coordination under war conditions.

ANY lumber you purchased for building purposes three years ago, at the beginning of the European war, cost you more than twice as much in farm products as the same material will cost you today. In other words, your lumber purchasing power has doubled, and then some, in three years!

That is because lumber has increased little in price, while farm products have increased much. This is the time, then, for you to build whatever you may need in farm structures—a new home, a barn, a silo, a grain bin, sheds, cribs, hog houses, etc.

We can help you plan your farm buildings or your home. It will be a pleasure to serve you. We can supply everything you will need from the foundation up—in the right quality and at a reasonable price.
